7. SCHEDULED ACTION ITEMS

- a. Approval of professional services agreement with Aleshire & Wynder, LLP for legal services to DCFA

President Kremen requested that Brian Thomas, DC Finance Executive Director, present this information to the Board. Mr. Thomas noted that Steven O'Neill has been serving as General Counsel for the Delta Conveyance Finance Authority since 2019 and that Mr. O'Neill recently transferred his practice to the law firm of Aleshire & Wynder, LLP, which occurred between DC Finance Authority meetings. To retain continuity of service, Mr. Thomas executed an agreement with Aleshire & Wynder to continue working with Mr. O'Neill. Mr. Thomas recommended the Board approve and ratify this action.

Director Stone questioned whether a conflict check had been performed with the new firm and if a conflict waiver was required. Mr. O'Neill noted that a conflict check had been performed, with no conflicts identified with DC Finance Authority. He also noted that the agreement did not have a set duration and that he serves at the pleasure of the Board.

- b. Consider and adopt proposed FY 2022/23 budget

President Kremen asked for Executive Director Thomas to present this information to the Board. Mr. Thomas noted that each year, the Board of Directors is required to adopt an operating budget. The operating budget for fiscal year 2022/23 reflects an increase in activities as the Delta Conveyance Project planning and environmental process draws to completion and additional funding may be required. As a result, the attached budget

includes total expenditures of \$435,750. Given the strong reserve position of the Authority, no additional member payments are expected to be needed to fund the 2022/23 budget. Should financing activities accelerate, a supplemental call for funds from the members may be required during the fiscal year.

b. Treasurer's Report

Katano Kasaine, DC Finance Authority Treasurer, provided the Treasurer's report to the Board. Ms. Kasaine noted that the beginning cash balance in the DCFA Trust at January 1, 2022 was \$513,454. Receipts for the three months ended March 2022 totaled \$494, consisting of interest receipts. Disbursements totaled \$23,293 during the three months ended March 2022. The ending cash balance at March 31, 2022 was \$490,655. Year-to-date actual expenses were \$146,005 lower than budget due to limited opportunities to assist in financing, as well as the impacts of the pandemic on travel and meetings. As a result, the activities of the DCFA have been limited.

c. Executive Director's Report

Executive Director Thomas reported to the Board that the primary activity continues to be administrative in nature, while monitoring activities regarding the Delta Conveyance Project. Mr. Thomas reported that he participated in a partnering session with the DCA staff, DWR and a number of participating Board members and State Water Contractors. The purpose of the meeting was to bring together the various participants in the project to address permitting, funding and construction of the project. The DCA and DWR suggested the session to identify activities in a general sense and the parties to help guide the efforts and continue to move forward.

9. FUTURE AGENDA ITEMS

a. Future agenda items to be considered.

10. ADJOURNMENT:

President Kremen adjourned the meeting at 12:01 p.m.

DATE: September 15, 2022

SUBJECT: **Receive and Adopt Resolution for use of AB-361 proposed exemptions to Brown Act teleconferencing requirements**

SUMMARY

In response to the Covid - 19 pandemic, the California Governor signed a new bill on 9/16/21 that would temporarily exempt certain requirements of the Brown Act and add additional requirements for public meetings held by teleconference. This staff report provides an analysis of the changes to the Brown Act per the proposed bill and recommends the Board's adoption of a Resolution that would put the temporary exemptions and changes into place.

BACKGROUND

In March of 2020, the Governor of California issued Executive Order N-29-20, which waived Brown Act requirements found in Gov. Code § 54953(b)(3) for teleconference participation in public meetings. In particular, this Order waived:

- a) The requirement that state and local bodies notice each teleconference location from which a member will be participating in a public meeting;
- b) The requirement that each teleconference location be accessible to the public;
- c) The requirement that members of the public may address the body at each teleconference location;
- d) The requirement that state and local bodies post agendas at all teleconference locations; and
- e) The requirement that, during teleconference meetings, at least a quorum of the members of the local body participate from locations within the boundaries of the territory over which the local body exercises jurisdiction.

Executive Order N-29-20 expired on September 30, 2021. However, AB 361 was signed by the Governor to extend the provisions of N-29-20, subject to certain conditions to be met by the local legislative body utilizing its exemptions. AB 361 also imposes certain new requirements, detailed below.

ANALYSIS

AB 361 exempts local legislative bodies from certain Brown Act requirements currently governing teleconferencing. These exemptions may be used only in one of the following circumstances:

- a) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.
- b) The legislative body holds a meeting during a proclaimed state of emergency for purposes of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health and safety of attendees.
- c) The legislative body holds a meeting during a proclaimed state of emergency and has determined by majority vote pursuant to b) above that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

Currently, the Governor's state of emergency regarding COVID-19 is still in effect, and the Sacramento County Health Officer has recommended that legislative bodies in the County continue to follow social distancing measures to prevent the spread of COVID.

Further, AB 361 requires the District to reconsider the state of emergency and make such determination every 30 days after commencing use of its exemptions. However, if during the 30-day period the District wishes to meet in person, they may choose to do so despite adopting the proposed Resolution. The intent of the Resolution is merely to allow the Board to avail themselves of the AB 361 teleconferencing conveniences if they so choose.

Finally, in addition to allowing for the above exemptions, AB 361 adds the following requirements:

- a) The legislative body must give notice of the meeting and post agendas as otherwise required by the Brown Act.
- b) The legislative body must allow members of the public to access the meeting, and the agenda must provide an opportunity for members of the public to address the legislative body directly pursuant to Brown Act requirements. In each instance where notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the legislative body must also give notice of the means by which members of the public may access the meeting and offer public comment. The agenda must identify and include an opportunity for all persons to attend via call-in option or an internet-based service option. The legislative body need not provide a physical location from which the public may attend or comment.
- c) The legislative body must conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties and the public appearing before the legislative body.

- d) In the event of a disruption that prevents the public agency from broadcasting the meeting to members of the public using the call-in or internet-based service options, or in the event of a disruption within the local agency's control that prevents members of the public from offering public comments using the call-in or internet-based service options, the legislative body must take no further action on items appearing on the meeting agenda until public access to the meeting is restored. Actions taken on agenda items during a disruption preventing the broadcast of the meeting may be challenged as provided in the Brown Act.
- e) The legislative body may not require public comments to be submitted in advance of the meeting, and it must provide an opportunity for the public to address the legislative body and offer comment in real time.
- f) The legislative body may use an online third-party system for individuals to provide public comment that requires an individual to register with the system prior to providing comment.
- g) If a legislative body provides a timed public comment period, it may not close the comment period or the time to register to provide comment under f) until the timed period has elapsed. If the legislative body does not provide a time-limited comment period, it must allow a reasonable time for the public to comment on each agenda item and to register as necessary under f).

RECOMMENDATION

As noted above, AB 361 requires an agency to reconsider the state of emergency and make the required determinations every 30 days after commencing use of its exemptions. The DCFA board approved such a resolution at its last regularly scheduled meeting in May, and staff recommends that this Board adopt the attached resolution to enable use of AB 361's exemptions to Brown Act teleconferencing requirements for the next 30 days, while allowing the Board to hold in person meetings at its discretion.

Item No. 7.a

Subject: Investment Policy

Executive Summary

Staff seeks board approval of the Authority's Statement of Investment Policy (Policy) for fiscal year (FY) 2022/23. Staff also seeks board approval for the delegation of authority to the Treasurer to invest the Authority's funds for FY 2022/23, pursuant to the Government Code of the State of California (California Government Code). The Authority's funds are invested with those of the Metropolitan Water District, and the attached policy is consistent with the California Government Code and Metropolitan's Investment Policy.

Detailed Report

Each year the Finance Authority reviews its Investment Policy to ensure it complies with the California Government Code and meets the objectives of the Authority. Since the Authority's funds are invested by Metropolitan, it is also important that the Authority's policy is consistent with that of Metropolitan. In addition, California Government Code Section 53607 permits the board to delegate authority to invest funds to the Treasurer on an annual basis.

The Authority's Policy for FY 2022/23 (included in Attachment 1) requires the Treasurer to adhere to the following three criteria:

1. **Safety of Principal.** Investments shall first seek to ensure preservation of principal in the portfolio. The Treasurer shall evaluate each investment transaction to ensure both the quality of the issuer and the underlying security or collateral meet the credit criteria outlined in the Investment Policy. The Treasurer shall utilize a diverse portfolio of investments to reduce exposure to principal loss.
2. **Liquidity.** The Treasurer shall make investments whose maturity is compatible with cash flow requirements.
3. **Return on Investment.** Investments will be made to produce an acceptable rate of return, after first considering safety of principal and liquidity and the prudent investor standard.

The only changes in the Policy for Fiscal Year 2022/23 are formatting. Investment objectives, limits and investment instruments remain the same as in the current policy.

DELTA CONVEYANCE FINANCE AUTHORITY

Investment Policy

September 15, 2022

This Statement of Investment Policy (Policy) outlines the guidelines and practices to be used to manage the Delta Conveyance Finance Authority's (Authority) available cash and investment portfolio. Authority funds not required for immediate cash requirements will be invested in compliance with the California Government Code and this Policy.

1.0 POLICY

It is the policy of the Board of Directors of the Authority to invest public funds in a manner that conforms to the three fundamental criteria in order of importance, as listed:

- Safety of Principal
- Liquidity
- Return on Investment, or Yield

2.0 INVESTMENT AUTHORITY

In accordance with Section 53600, et seq., of the Government Code of the State of California, the authority to invest Authority public funds has been delegated to the Authority's Treasurer.

3.0 DELEGATION OF AUTHORITY

Responsibility for the investment program is specifically delegated by the Board to the Board-appointed Treasurer or, if no such appointment has been made, to the Executive Director, hereafter referred to as Treasurer who will establish procedures for the investment program, consistent with this Investment Policy. The Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities, including procedures to execute investment transactions in the absence of the Treasurer. The Treasurer may delegate the day-to-day investment activities to their designee(s) but not the responsibility for the overall investment program.

The Treasurer may also delegate the day-to-day execution of investments to registered investment managers through written agreements. The investment manager(s), in coordination with the Treasurer, will manage on a daily basis the Authority's investment portfolio pursuant to the specific and stated investment objectives of the Authority. The investment manager(s) shall follow this Policy and other written instructions provided by the Treasurer or their designee(s). The investment manager(s) may be given the discretion to acquire and dispose of assets in their designated account, but the investment manager(s) shall not be permitted to have custodial control over the Authority's investment portfolio.

4.0 STATEMENT OF OBJECTIVES

Per Section 53600.5 of the California Government Code, the primary objective of the Treasurer shall be to safeguard the principal of the funds under his or her control when investing public

funds. The secondary objective will be to maintain liquidity as required by the Authority and the third objective is to obtain a return on investment of these funds.

In order of priority, the three fundamental criteria shall be followed in the investment of funds:

Safety of Principal - Investments shall be undertaken in a manner that first seeks to ensure the preservation of principal in the portfolio. Each investment transaction shall be entered only after taking into consideration the quality of the issuer, the underlying security or collateral, and the diversification of the portfolio. Cash flow analysis will be conducted and utilized to avoid the need to sell securities prior to maturity. The Authority shall seek to preserve principal by mitigating both credit and market risk.

Liquidity - Every effort shall be made to ensure that the Authority's portfolio is sufficiently liquid to meet current and anticipated operating requirements. Cash flow analysis should be performed on an ongoing basis. Investments shall be made to ensure maturities are compatible with anticipated cash flow requirements.

Return on Investment, or Yield - Investments shall be undertaken to produce an investment return consistent with the primary objectives of Safety of Principal and Liquidity, and the Prudent Investor Standard.

The investment portfolio shall be managed with the objective of obtaining a rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs. The Authority will employ an active management approach that allows for the sale of securities prior to their scheduled maturity dates. Securities may be sold for a variety of reasons, such as to increase yield, lengthen or shorten maturities, to take a profit, or to increase investment quality. In no instance shall an exchange be used for purely speculative purposes. This Policy recognizes that in a diversified portfolio occasional measured losses are inevitable and must be considered within the context of the overall portfolio's structure and expected investment return, with the proviso that adequate diversification and credit analysis have been implemented.

Because the composition of the portfolio fluctuates, depending on market and credit conditions, various appropriate indices selected by the Treasurer will be used to monitor performance.

5.0 SCOPE

The Investment Policy applies to all available funds of the Authority with the exception of proceeds of notes, bonds or similar external financings which would be invested pursuant to bond indentures or State of California Government Code Section 53600, et seq., as applicable.

6.0 PRUDENT INVESTOR STANDARD

All investments and evaluation of such investments shall be made with the Prudent Investor Standard as set forth in the California Government Code, Sections 53600.3 and 27000.3, which is defined as a standard of conduct whereby any person authorized to make investment decisions on behalf of the Authority acts with care, skill, prudence, and diligence under the circumstances

then prevailing, including but not limited to, the general economic conditions and the anticipated needs of the Authority with the aim to safeguard principal and meet the liquidity needs of the Authority.

7.0 PORTFOLIO ADJUSTMENTS

Portfolio percentage limitations for each category of investment are applicable only at the date of purchase. Should an investment percentage be exceeded due to instances such as the fluctuation in overall portfolio size, or market valuation changes, the Treasurer is not required to sell the affected securities.

Should a security held in the portfolio be downgraded below the minimum rating criteria specified in this Policy, the Treasurer shall determine a course of action to be taken on a case-by-case basis considering such factors as the reason for the downgrade, the prognosis for recovery or further rating downgrades, and the market price of the security. The Treasurer shall note in the monthly report any securities which have been downgraded below Policy requirements and the recommended course of action

8.0 SAFEKEEPING AND CUSTODY

All securities transactions entered into by the Authority shall be conducted on a delivery-versus- payment (DVP) basis pursuant to a custodial safekeeping agreement. All deliverable securities owned by the Authority shall be held in safekeeping by an independent custodian designated by the Treasurer. Financial institutions providing safekeeping services shall provide reports or receipts which verify securities held in safekeeping. The Treasurer shall also maintain evidence of the Authority's ownership in non-deliverable securities (e.g. LAIF, CAMP, and Time CDs).

9.0 REPORTING

The Treasurer shall submit a quarterly report within 30 days following the end of the quarter covered by the report to the Authority Board of Directors pursuant to California Government Code Section 53646 (b)(1). The report shall at a minimum provide information on compliance with this policy and on the composition of the portfolio for each fund with:

- Types of investment
- Issuer
- Maturity dates
- Par and dollar amount
- Market values including the source of the valuation
- Rates of Interest
- Expected yields to maturity

In addition, the quarterly report shall also include a statement denoting the ability to meet the Authority's expenditure requirements for the next six (6) months.

10.0 INVESTMENT GUIDELINES AND ELIGIBLE SECURITIES

Section 53600, et seq., of the Government Code of the State of California prescribes the statutory requirement relating to investments by local treasurers, providing guidance on:

- i) Allowable investments
- ii) Portfolio diversification requirements include proportional limits on investment types, maximum maturity, and minimum credit rating criteria.

The maximum maturity of any investment in the portfolios shall not exceed five (5) years except when specifically authorized by the Authority Board of Directors through resolution. When practical, the Treasurer shall solicit more than one quotation on each trade for the purpose of awarding investment trades on a competitive basis. Board Memo

Contact: Brian Thomas, Executive Director

AGENDA DATE: September 15, 2022

Item No. 8.c

Subject: Executive Director's Report

Executive Summary

The DCFA's primary activity continues to be administrative in nature, while monitoring activities regarding the Delta Conveyance Project. We continue to communicate with the State Water Contractors, the Department of Water Resources and the Delta Conveyance Design and Construction Authority (DCA) to keep current with activities on the project. In addition, work on term sheets for a potential financing have been initiated.

Detailed Report

Administration. Activities included preparing agendas for the May (including the fiscal year 2022/23 budget), July (which was ultimately cancelled) and September meetings, filing the required biennial report on conflict of interest with the state, and processing payments for legal, insurance and other services. The auditors finished field work and I responded to audit questions and reviewed the draft financials and audit report. The final audited financials will be presented to the board in October.

Meetings/calls. DWR and the DCA continue to make progress on the environmental documents. The draft Environmental Impact Report was released for public comment in July. We continue to work with DWR and SWP contractors to evaluate potential financing paths, including the idea of financing planning and design costs upon completion of the environmental process. There were discussions with bond and disclosure counsel to begin preparing a list of documents and term sheets for a potential financing to support the DCA and DWR once the environmental work is concluded.

Future Activities

I will continue working with the members, the DCA, DWR and the State Water Project contractors to identify opportunities to support funding, financial analysis and identify additional funding sources, including federal and state grants or contributions. This month, the board will see term sheets and a list of documents needed should the DCFA borrow funds.
